09 February 2021

Dear Parents/Guardians,

The Hawthorns Primary School is currently taking part in the Wokingham Air Quality Project alongside Wokingham Council where we are wanting to create cleaner air around our school. There is an exciting opportunity where Wokingham Borough Council are creating clean air banners for the local schools and main roads in the borough, however, they need our help!

The children in Key Stage 1 and 2 are being invited to design an Anti-Idling logo for banners and posters to be located around our school. The logo design should tell drivers not to keep their engines on while the car is stationary to help improve the air quality around our school and the borough.

The winning design/s will be produced as a large banner to be placed on our school gates to remind drivers of the importance of switching off their engines. Each winner will have an individual poster produced which school will use.

After completing the logo, the children can receive a Blue Peter Green Badge:  
<https://www.bbc.co.uk/cbbc/findoutmore/blue-peter-apply-for-a-green-badge>

The winning design will be published in the local press and on social media. The design could also be used for future air quality campaigns.

If your child/ren would like to enter, please ask them to design their logo on an A4 sheet of paper. Please scan your entry and send it through to: [office@hawthorns.wokingham.sch.uk](mailto:office@hawthorns.wokingham.sch.uk) and include their name and year group.

The Winner will be chosen by the Wokingham Air Quality Project team.

The deadline for the competition is: Friday 26<sup>th</sup> February 2021.

Any questions, please contact the office who will pass on any questions.

Kind regards,

Miss Mapleston
