Dear Parents/Carers,

SCOOTER PODS

During half term, the school was able to purchase some blue and green 'Scooter Pods' which have now been put up in the area where the bike racks are. These were purchased as a result of feedback from the travel surveys. This means that any children who ride a scooter to school can now securely leave it tied up to the pod.

Attached to the letter you will find our safety guidance for using scooters and leaving a scooter at school.

The pods are **for scooters only** and can be damaged by bicycles so please ensure that if children are riding a bike, they lock them to the bike racks.

We hope that this will encourage the children to travel to school in a healthy and safe way!

Kind regards,

Miss Hampton
(PE Leader)
