4.0 Special Educational Needs (SEN) and Disability Information

- We are an inclusive school and we do not adhere to the 'one size fits all' approach. Instead we endeavour to adapt our environment to suit the needs of the child. All children are entitled to full access to a broad and balanced curriculum, differentiated to meet their individual needs. We will use our best endeavours to appropriately integrate children with SEND in mainstream school activities. No child will be treated less favourably than other pupils.
- We are committed to providing an accessible environment which caters for the needs of pupils with a disability. We conduct an accessibility audit every 3 years and modify it as necessary during this period. From this we publish an Accessibility Plan, reviewed annually, that also covers a 3 year period. This plan includes:
 - Access to the Curriculum
 - Access to the Physical Environment
 - Access to Information
