VISITOR ASSEMBLY—WONDERFUL WATER

The whole school were treated to a fun assembly with a serious message, delivered by Severn Trent Water on Monday 21st January.

Philip Pearce from Severn Trent Education Services explained to the children how important water is as a resource on planet Earth, and how we need to conserve it and protect it from running out.

We looked at ways that we all waste water, as well as ways in which we can do the same things, but **wasting less** water, for example:

Turning the tap off when you brush your teeth

Having a 4 minute shower instead of long showers or a bath

Not flushing wipes down toilets

Not pouring fats and grease down sinks

The children received 'promise postcards' to complete and take home, and you can see some of the wonderful promises made by y6 children above.

SMSC Coordinator

STAR OF THE WEEK

Well done to all the children who received the Red jumper in last Fridays assembly.
