

Woodfield News

Friday 15th March 2019

Dear Parents,

There's never a dull moment here at Woodfield! This week, the children have had a real focus on developing their knowledge and skills within Science whilst celebrating National Science Week. We definitely have future scientists amongst us!

Thank you for supporting mufti day and buying Sian's red nose biscuits— as well as being delicious they also help us to increase the money raised for Comic Relief. Look out for the grand total next week. Supporting a charity really demonstrates many of our school values but particularly that of compassion.

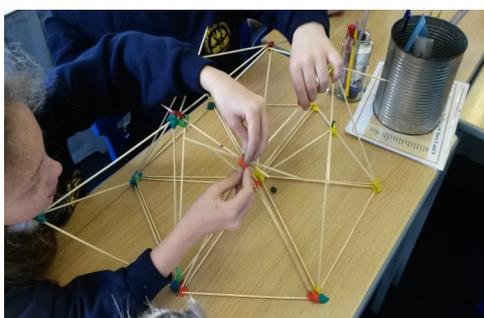

With the weather being so unpredictable, please can you make sure children come to school with a warm coat as we try our best to get out to the playground to run off steam at break and lunchtimes. Thank you.

Wishing you a lovely weekend with your children,

Mrs Ciara Moran
Executive Headteacher

Science Week

What a scintillating science week we have had at Woodfield! We have all been totally absorbed and excited by our learning. All classes were visited by our Governor Roger Gibbs where they took part in a range of Science and Technology activities. From aliens to gliders, parachutes to food in space, it's all been very interesting. Thank you Roger.

Solihull Parenting Programme

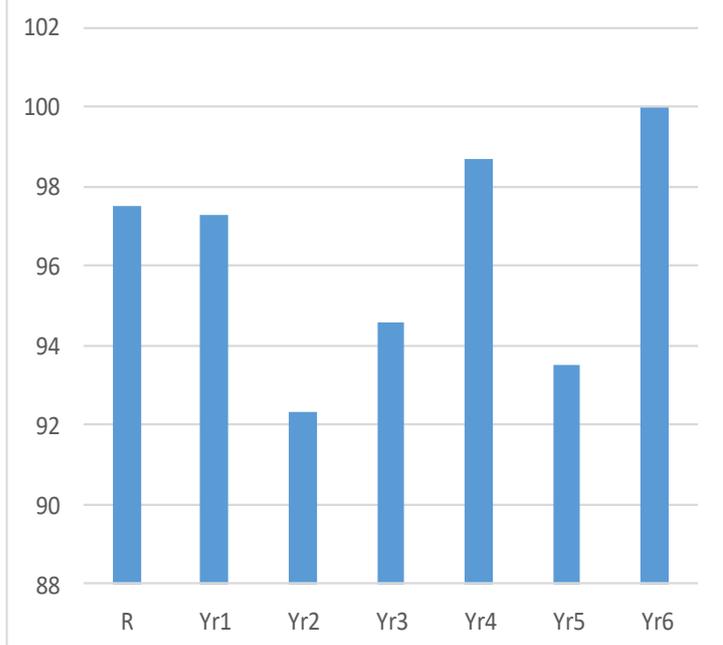

If you are interested in taking part in our next very successful parenting programme, please come to the office to register your interest.

The course is highly recommended and has been delivered to many of our parents, both past & present.

The course is run by Barnardo's and offers up to date information, advice and a chance for a chat and a coffee!
