

Reporting a Governor visit to Kea School

Name Maureen Woodhouse	Date January 2017
Purpose of visit Attending the 2016 Carol Service at Kea Church	
Links with the School Improvement Plan Behaviour and links with the community	
Governor observations and comments It was a pleasure to attend the annual Carol Service in December. The Church was full with parents and family members. A large number of Kea Church congregation members was also present. As usual there was a warm welcome by the Vicar. His prayers and address were excellent and contributed the spiritual atmosphere. The service was very well organised by the staff and the children thoroughly enjoyed singing and acting the Christmas story. They showed a great deal of confidence when they spoke, sang and played instruments. Although well-rehearsed there was still spontaneity. The atmosphere was calm and it was evident that the children were well supported by the staff. The standard of singing, including the solo parts, was outstanding. The children's behaviour was excellent, and throughout they demonstrated very good behaviour for learning. The service contributed to the children's cultural and spiritual development in a very positive way. On behalf of the governors I would like to thank the vicar and Kea Church members for their support for the school and also thank the staff.	

Any issues arising for the governing body
