

A message from the Headteachers:

Thank you to everyone who shared their ideas and activities for 100 day it was great to see so many of you getting involved. You will see that we have collated some examples to share with you yesterday. Don't forget to send in your pictures and videos for our collection.

Also how super to finally hit the 100+ mark in our celebration assembly this week!

You can see the recording of the assembly and the powerpoint with all the certificates on the Google Classrooms or by clicking here: [Celebration Assembly \(2021-02-12 at 01:59 GMT-8\)](#)

Chinese New Year

Gung Hay Fat Choy!

Wishing you wealth and prosperity in the New Year ahead.

We have been celebrating this in school and have put together a pack of activities for you to enjoy at home if you'd like something different to do over the half term break. This is on the Google Classrooms and you can also find it here:

[Chinese New Year](#)

We are delighted to be able to inform you that we have received funding from the former Pre-School trust to develop an EYFS unit for Reception and Nursery children and we are currently meeting with builders to finalise plans. We look forward to sharing these with you in detail next half term.

It's been great to see lots of you making use of the Lockdown Lending Library so far this week. After half term the trolleys will be under the bike sheds again on Mondays, Wednesdays and Fridays from 9.15-2.45. The record sheet is posted as an assignment on all the Google Classrooms. Please only use your surname initial when recording on the record sheet: [Library Book Loans](#)

There will be no school next week as it is the half term. Online and in school learning for key worker children will restart on the 22nd February when we hope to hear more about the wider re-opening of schools.

We are so proud of all of the children who have been working so hard and doing so well learning at home and in school. I know many of us have enjoyed the topic this half term and finding out about the planets and space. Next half term we will be looking at the question: Why is the Earth called 'The Blue Planet'?

You can find the curriculum overview on the web-site.

Your feedback is really important to us, so please do complete our parent **questionnaire** regarding home learning – so far we have only had 5 responses! <https://forms.gle/mtq89AKWhzBTodms8>
