

Cambridgeshire Young People's

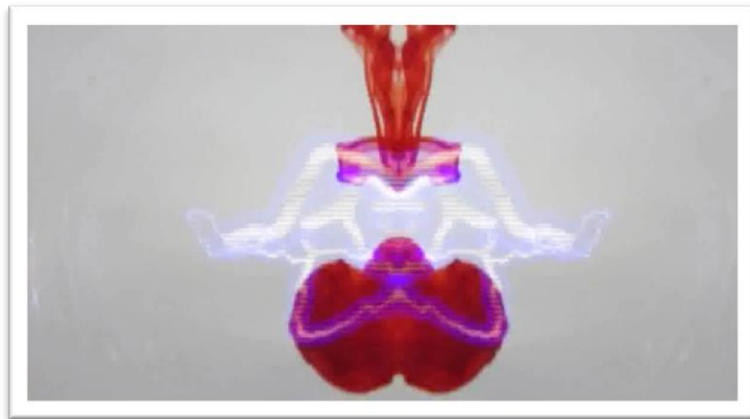

Film Festival

Water Dreamout

by

Girton Glebe Primary School

Primary Best of Festival 2012

What did the judges say about this film?

Beautiful idea! Amazed to see how this science school project evolved into a work of art!

Dreamlike imaging, very well edited into one movie.

Very good choice of sound effects which reflected abstract character and unpredictability of the animation. Very good usage of special effects. The mirrored image looked especially interesting.

Very original. Outstanding creation!

What do you think of this film?
