## Positive Behaviour Policy

### Our Vision

**Agape – To live, to learn, to love together**

Through our Christian values we aim to inspire all of our school community to show equality and tolerance to all in a safe, challenging environment.

Developing resilient, aspirational and compassionate individuals who are enthused by all faiths and lifestyles showing faith and belief in one another.

*“Live in agreement with one another. Do not be proud but ready to mix with everyone. Do not think yourself better than others.” - Romans 12:16*

*“An intelligent heart acquires knowledge, and the ear of the wise seeks it out.” - Proverbs 18:15*

*“Love the Lord your God, and love your neighbour as yourselves.” - Matthew 22:37*

### Our Values

We are a small, family centered Church of England Primary School that is committed to promoting our Christian values of Thankfulness, Compassion, Creativity, Peace, Hope, Endurance, Forgiveness, Tolerance, Kindness, Respect, Trust and Friendship each linked with the core value of Love.

We are determined to create an inclusive culture of learning where everyone will be challenged in their thinking, to succeed to the best of their abilities and strive to become lifelong learners.

We will empower our children to become respected citizens to enable them to make valuable contributions locally, globally and to contribute to our world’s sustainable future.

Our behaviour strategy is aimed at improving educational outcomes for all pupils by promoting and supporting their engagement with education. This policy seeks to ensure an agreed and shared philosophy that promotes an ethos of positive behaviour and supports all in the school community to 'Aim High', using a therapeutic approach to behaviour. It also outlines the procedures that the school uses to support children and young people in managing their own behaviour and enables staff to act safely and with confidence.

### **Aims**

The aims of our approach to behaviour:

- to be welcoming and inclusive
- to maintain, encourage and promote positive behaviour
- to have agreed rewards and consequences
- to have a consistent approach throughout the school
- to encourage independence and personal confidence
- to involve learners and parents
- to have effective relationships built on respect
- to encourage a culture of risk taking
- to celebrate the achievements and successes of all

### **Promoting Positive Behaviour**

At Guyhirn Church of England Primary School and Pre-school, the behaviour and social and emotional development of our pupils is central to their ability to access and interact with the wider community. Everyone who comes into the school - learners, parents, staff and visitors - has responsibility for promoting positive behaviour by demonstrating clear values and principles through;

- Teaching right from wrong
- Honesty
- Respecting others
- Getting on with people and establishing positive relationships
- Demonstrating respect
- Internal-discipline, self-management of behaviour and a sense of internal reward from positive behaviour
- Giving genuine, explicit, individualised praise
- Being inclusive

Learner behaviour should be managed with sensitivity and with professionalism. All staff at Guyhirn Church of England Primary School and Pre-school, are trained in 'Cambridgeshire Steps, Step On' which is a therapeutic approach to behaviour management. It is 'The process of taking necessary steps to ensure that every young person is given an equality of opportunity to develop socially, to learn and to enjoy community life.' All staff need to know how to promote pro-social behaviour and manage difficult or dangerous behaviour, and to have an understanding of what behaviour might be communicating. All staff should focus on de-escalation and preventative strategies rather than focusing solely on reactive strategies.

There are two 'Cambridgeshire Steps' Tutors within Guyhirn Church of England Primary School and Pre-school who ensure all staff are trained in this approach to provide a consistent response to behaviour and will complete refresher training for all annually.

We support the 'Step On' philosophy that long term behavioural change comes from developing internal discipline and that external discipline (in the form of inappropriate 'punishments' and reactive responses) only serves to suppress anti-social behaviour. Children 'learn positive behaviour' and make good behaviour choices through:

- Developing trusting relationships with adults and peers
- Responding to role models and positive phrasing
- Consistent use of scripts and routines, repetition and structure
- Establishing clear and agreed boundaries
- Praise and positive reinforcement
- Comfort, forgiveness and restorative processes
- An established programme of PSHE lessons which addresses healthy relationships, stereotyping, equality and prejudice
- An established programme of eSafety lessons

**Good behaviour / effort is recognised in any of the following ways:**

- Private, individualised praise
- Being given opportunities to share positive behaviour / learning with another adult
- Celebration assemblies
- Messages to parents
- House points for effort
- Displaying every learner's work
- Thanking learners for positive responses

Crucially, learners are taught that the internal feeling generated by their own positive behaviour is rewarding enough in itself. External reward should not be expected.

Responses to these behaviours should always seek to de-escalate the behaviour in the first instance and encourage a return to positive behaviour. These strategies include:

- Positive phrasing
- Limited choice
- Disempowering the behaviour
- Protective consequences
- Educational consequences

A 'consequence' is a conclusion that logically or naturally follows from an action. Consequences may include:

- Completing tasks including lego learning
- Social stories.
- Emotional Literacy activities
- Group activities to encourage communication between children
- Restorative meetings between the child and teachers or members of the Senior Leadership Team
- Checking understanding of learning in their own time
- Removal from the playground for a fixed period of days to develop and learn rules around positive playtimes
- Spending time in another classroom to reflect on negative behaviour and recap the rules for positive learning.

Menial tasks, such as writing lines or 'missing break' with no discussion around the negative behaviour, have no positive impact on pupils, and therefore, must not to be issued by adults.

If behaviour is not restored and continues to escalate into the 'crisis' phase and a pupil is unable to manage their behaviour in a safe way, staff will use a 'de-escalation' script to remove the pupil safely from harmful behaviour. This script may be used if necessary, in conjunction with physical intervention, (as part of the Step On strategy) to usher or guide a child to a safe place where they can de-escalate safely

Once a child has overcome the crisis phase and deescalated, it is imperative that adults carry out a 'Reflect, Repair and Restore' session where behaviour can be discussed and resulting consequences and actions put in place. This is an important phase to forgive the behaviour and help the learner to understand the link between the behaviour and its consequences and understand how to respond to stressful situations differently in the future. Restorative activities such as; supported thinking, social stories, role play, discussions around emotions or using a 'Roots and Fruits' tree will complete the therapeutic process. These sessions should be conducted with an understanding of the context of the child. This knowledge is intended to help adults consider the underlying causes of negative behaviour choices which need to be understood rather than suppressed.

In the event of a physically violent incident, physically or verbally aggressive incident towards others or property or an incident the following consequences may be used;

- Removal from the place the incident took place
- Repair, reflect, restore discussed with an adult (and other children where appropriate)
- An educational / protective consequence
- Parent / Carer notified
- A record of the incident made on behaviour log CPOMS
- An internal / fixed term / permanent exclusion
- Referral to or advice sought from Children's Services
- An 'Individual Risk Management Plan' put in place
- a 'Pastoral Support Plan' put in place

### Individual Risk Management Plan

For a few pupils, whose behavioural needs are exceptional an 'Individual Risk Management Plan' may be required to formalise strategies for all staff, so a consistent response to challenging or dangerous behaviour is given to the child. Typically, these plans will include specific forms of intervention to maintain a pupil's own safety and that of others and to ensure learning takes place for all. When completing an Individual Risk Management Plan the following will be considered:

The triggers to

- Anti social behaviours
- Pro-social Behaviours
- Low anxiety behaviours
- High anxiety behaviours
- Crisis behaviours

Strategies to respond to these behaviours will be written in the plan and shared with staff to ensure a consistent response to de-escalate the behaviours, promoting pro-social behaviours. The plan will be reviewed every four weeks with Parents/ Carers and the Head Teacher

A plan co-ordinator will consider the following:

- Calculate the risk of dangerous behaviour towards themselves, peers, adults or property
- Consider the pupils 'Roots and Fruits' and 'Anxiety map' to identify areas of difficulty
- Identify a pupil's 'Pro-social' behaviours and how these can be utilised to develop self esteem and reduce anxiety

- Identify 'difficult' behaviour and set out planned scripted responses to difficult behaviour
- Identify 'harmful or dangerous' behaviour and set out planned scripts and responses to ensure the pupil is removed safely without harm to themselves or others, in line with the school's 'Restrictive Physical Intervention' policy
- Involve parents/carers and learners to ensure all parties understand clearly the actions and expectations of the school and what specific action the school may take
- Consider the age, understanding, and competence of the individual learner
- Outline the 'Reflect, repair and restore' phase
- Base a plan on the basic premise that "Positive experiences create positive feelings and Positive feelings create positive behaviour" (Cambridgeshire Steps Behaviour Management )
- Review the plan on a half termly basis, or sooner if further incidents occur

Adults always seek to de-escalate behaviour at each stage.

### **Pastoral Support Plan**

For very few pupils, whose challenging behaviour has resulted in several internal exclusions, a 'Pastoral Support Plan' is put in place. This means the school can monitor very closely the behaviour of a pupil for whom a fixed term exclusion is deemed imminent or whose behaviour has not been modified by the actions on their 'Individual Risk Management Plan'. These plans will include the aspects of an Individual Risk Management Plan but will be monitored daily over a timed period, by the end of which a significant change in a child's behaviour must be seen in response to intensive support to ensure every effort is made to avoid exclusion. The Headteacher will contact parents/carers by letter to inform them of an initial meeting to discuss their child's Pastoral Support Plan.

A plan co-ordinator will collect the following prior to the initial meeting:

- Pupil voice
- Parent voice
- Teacher voice and a scale rating prior to the plan about certain aspects of the pupil's behaviour
- A plan setting out strategies, actions and outcomes for the child A plan co-ordinator will then follow up with specific actions over a timed period:
- Weekly monitoring of child's behaviour
- Regular parent meetings to discuss progress
- Individualised work with the child to effect behavioural change
- A reviewed teacher scale rating to measure progress fortnightly
- A reviewed pupil voice rating fortnightly
- Referrals to outside agency support

## Learners with Special Educational Need

We expect all learners to follow our Expectations. However, this will be more difficult for some learners at certain times. Learners with an identified SEN/D particularly under the category of SEMH, may have personalised support and intervention set out in their Individualised Risk Management Plan and/or their Individual Provision Plan.

## Exclusion

### Fixed Term Exclusion

Fixed term exclusion may be used when a child's actions or behaviour endangers other individuals or property or challenges the authority of school staff. Endangering other individuals may include:-

- Physically threatening, intimidating or actually hurting others
  - Verbal abuse, name calling, racist abuse
  - Persistent rough, inappropriate play which is unsafe
  - Bullying in any form
- Endangering property may include:-
- Deliberate damage of school equipment, including throwing items across the room, breaking windows
  - ii) kicking or slamming doors
- Challenging the authority of staff members:-
- Refusing to follow class and school expectations
  - Refusing to comply with instructions eg: requests to leave the classroom
  - Leaving the school premises without permission.

Exclusion may also occur when a child persistently and deliberately disrupts the learning environment of the classroom, thereby preventing the teacher from teaching and other members of class from learning. Exclusion is never taken lightly or in the heat of the moment. It is the decision of the Headteacher and the relevant facts are fully investigated before a decision to exclude is taken.

The following steps are taken:

- i) the incident is investigated as soon as possible
- ii) the child/member(s) of staff involved are questioned for their point of view
- iii) adult and children eye-witnesses are questioned and their accounts are considered
- iv) injuries or damage to property are investigated
- v) the location of the incident is taken into consideration.

### Permanent Exclusion

Permanent exclusion may ensue if, in spite of the school's own support systems and external agencies, a pupil's behaviour continues to constitute a danger to other individuals or to challenge authority.

Reasons for permanent exclusions may include the following:-

- Physical assault on another pupil or adult

- Bullying
- Threatening behaviour
- Defiance/challenging authority of the school staff
- Deliberate damage to property
- Possession of offensive weapon
- Theft
- Verbal abuse to other children/adults

In the case of persistent behavioural difficulties which lead to either fixed term or permanent exclusion, the advice of external support agencies will be sought. This may include the Child and Adolescent Mental Health Team, Social Services or the Behaviour Support Service. In the case of both fixed term and permanent exclusion, The Local Education Authority's procedures relating to exclusion will be implemented.
