Covid-19

Please ensure if anyone in your family or your children develop symptoms of Coronavirus that the children **do not** attend school. Please follow the government guidance that states that the whole household must self-isolate. The person with the symptoms must self-isolate for at least 10 days & a test should be arranged to see if they have the virus. If the person with symptoms tests positive then all the other members of the household must self-isolate for 14 days from when the person first had symptoms.

Please can I also ask again that on drop off and collection times that adults wear face masks & children are kept close to you & not mixing with others. Please adhere to social distancing guidelines both in the school grounds & on your way in and out of the school grounds as much as possible. As a school we are doing everything we can do to minimize the risk to our community, of which we all have a part to play.

Christmas Cards

Under the current circumstances, if your child wishes to send Christmas cards please can we ask that they be sent into school by Monday 14th December. They will be put into the school post box until Friday 18th December before being handed out to ensure minimal contamination. Please can we ask that Christmas cards **are not** handed out by the children.

Christingle Service

This year we will be joining other schools within the Diocese of Ely to take part in a Christingle Service online.
