

These activities have been put together as an addition to the packs that have already been sent home.

This is a *non-compulsory* set of activities and have been put together to provide a bit more structure to the day for those who feel they may benefit from it.

English	<p>Spellings Words with 'silent' letters at the start. Knight, wreckage, writer, knowledge, knuckle, wreath, pterodactyl, mnemonic, wrestler, knife Children find the meaning of any words they are unsure of. Then, copy down the spelling list on to paper and circle the silent sounds in each of the words. Can they add any more words that they can think of with a silent first letter? Children write them into sentences.</p> <p>Powerful Words: Pot-bellied and squat</p>	<p>Pobble 365 (See image and text below) Where will the wave break? Will it breach the sea wall? Why do you think some people enjoy danger? Have you ever been in danger? What did it feel like? Are there different types of danger? *CHALLENGE* A simile is a figure of speech comparing one thing with another using 'as' or 'like', used to make a description more emphatic or vivid.</p>	<p>Literacy shed - Taking Flight https://www.literacyshed.com/takingflight.html</p>  <p>Before watching the short film, think about and answer these questions; -What is the relationship between the two characters? -Where could they be going / where have they been? -How old do you think the two characters are and why? Watch the clip through twice (more if needed). Discuss how Tony might have been feeling throughout the film.</p>	<p>Extended writing. https://www.literacyshed.com/takingflight.html</p>  <p>In the film we do not see the alien, in your narrative Tony could meet one of them. Describe the alien, create the dialogue that is had between the alien, Tony and Grandpa. Remember when writing to use capital letters to start your sentences and for names and places, and full stops/exclamation marks/questions marks to end your sentences.</p>	<p>BANK HOLIDAY</p>

To read, write, order and compare numbers to at least 1 000 000 and determine the value of each digit.

Children create a place value chart from ones to millions. Give children a variety of numbers for them to place into the chart. Pick a digit and ask for them to tell you what the value is i.e.

325,894 - What is the value of the 8?
800.

billions	hundred millions	ten millions	millions	hundred thousands	ten thousands	thousands	hundreds	tens	ones
----------	------------------	--------------	----------	-------------------	---------------	-----------	----------	------	------

TASKS BELOW

To count forwards or backwards in steps of powers of 10.

BANK HOLIDAY

Some people love living dangerously. For some people, the thrill of a near miss is what they crave their whole lives; the moment of panic that rises up from the pit of your stomach like your blood has turned to ice, but then washes over you like blissfully warm water as the danger passes.

This was one of those moments. You could hear the sharp intake of breath as the crest of the fifty metre wave frothed and foamed like the mouth of an angry Kraken. There were only seconds left to wait...

Wednesday Maths

Start at any of the 3 aliens.

Begin with the number on the alien, and draw a trail of negative numbers to their planet using the rule they have given you.
