

## This week I am learning with Supertato

These are some of the *new* words I found in the story Supertato by Sue Hendra.

Remember, I need to hear them at least 7 times before I can use them.

When I talk to you,

know you are  
listening.

5 words a day  
Keep the speech and language therapist away!

Let me tell you the  
story. Perhaps I  
could draw you a  
story map, or  
describe my  
favourite character.
