

PSHE

This Term the children will be learning the topics Beginning and Belonging alongside Anti-Bullying week.

RE

This Term we will be learning the questions 'What do Christians learn from the Creation story?' and 'What is the Trinity?'

PE

This Term we will be developing and performing Molly Dances and Gymnastics. In Outdoor PE we will be looking at Netball and Tag Rugby

Art / Design and Technology

During the Autumn Term we will be discovering how artists have used landscapes as inspiration for their pictures and replicating this in our work.

Maths

This Term the children will be building on their prior knowledge of place value and using it in conjunction with addition and subtraction skills. Year 3 will begin to use column method whilst year 4 use this with larger numbers.

We will also begin to look at multiplication and division and their associated facts.

Topic

During this term we will be learning about our local area of the Fens. This will include the Geography of the area and why it was such a marshy place.

We will also investigate what it was like to live in such a place both before and after the Fens were drained.

This will include a discovering how transport and agriculture have changed over time. We will also focus on the 1947 floods which devastated the area for a time.

MFL: French

This term year 3 will start to talk about themselves in French. Year 4 will be asking the questions! After half term we will revise colours and talk about zoo and farm animals, in addition to practising our French carol.

Music

This term the children will be learning a range of songs for both Harvest and Christmas and working on good singing technique. Using The Young Person's guide to the Orchestra we are learning about orchestral instruments.

Year 3 and 4 Autumn Term Fen Detectives!

English

We will be learning to write a range of different text types. These will all be linked to the topic and children will have opportunities to listen to and create their own Fenland songs; write a diary entry as a Fen person before the Fens were drained; create their own Fen Folktale.

Science

We have two Science Topics this term: Sound and Animals including Humans. During both of these we will have the opportunity to investigate a wide range of questions. We will also learn how sound travels and what materials will insulate and conduct soundwaves.

Trips

Later on in the term we will be going to Ely Museum and Prickwillow Steam Museum for the day. We will take part in many activities about the Fens.

Computing

This Term we will be looking at Photo Story and then animation after Half Term. We will learn how to manipulate images and then begin to animate them.
