

You could be anything that you want to be
And wouldn't it make our hearts hop
If you decided with the education provided
If you aimed to be at the very top

You could be anything that you want to be
With all the talent you've got
No doubt about it, we're tempted to shout it
We think you should aim for the top spot

You're golden to the core
And our congratulations on your super SATs scores
Great guys, you've been a special treat
Each of you mathematical, creative and elite
You've made the end of primary, knowledgeable and wise
And now it's time to cut the ties.

You could be anything that you want to be
Don't take the easy way out
With lots of training and little complaining
Big school will be completely necessary
Don't be shy, it's not that scary

You could be anything that you want to be
With all the talent we've seen
With lots of learning and your desires burning
You'll be the very best of Citrine
You'll be the very best of Aquamarine
You'll be the very best of Tanzanite.
