

# Free School Meals and Pupil Premium Funding

## A free and easy way to help your child reach their full potential!

Did you know that just registering your child for Free School Meals means that the school gets extra money which will be used to help your child? The Government is giving money to schools to help children from lower income families do their very best. This funding is called 'Pupil Premium'. For each child registered Sutton CE (VC) Primary School will receive a maximum of **£1320** this year.

At Sutton School we plan to use this money to directly benefit our Pupil Premium children in some of the following ways...

Support children in and out of the classroom to help them with their learning and even with completing homework.

Support children in our new nurture room to develop Self-esteem, self-confidence and social emotional skills

Help with the cost of school trips and music tuition.

If you register for Free School Meals (even if your child does not want a school meal) then the school will receive the extra funding which will **benefit your child**. Once you have been granted Free School Meals the school will continue to receive and use this funding for a further six years to help your child, even if your circumstances change.

It is necessary for parents of children in Reception, Year 1 and Year 2 who are in receipt of the benefits listed overleaf to register for Pupil Premium Funding, even though your child already receives a Universal Infant Free School Meal. This will ensure that school receives the money your child is entitled to and we can start to help them in the areas outlined above.
