### **Reception Acceptable Use Policy**

- I will use the school's technology equipment safely and carefully.
- I will only use a program my teacher has said is OK.
- I will ask my teacher before taking photos or video.
- If I see or hear something on a screen which upsets me, I will always tell an adult.

I will do my best to follow these rules because I know they are there to keep me and my friends safe. If I don't follow these rules, I know that my teacher may stop me using technology at school and talk to my parents about how I use technology.
