

How accessible is the school environment?

Our school buildings are on one level and there is wheelchair access to both main buildings. There is one toilet with wheelchair access.

Our school has an Accessibility Plan has been drawn up by Meldreth Primary School Governing Body as per The Equality Act 2010 and the Disability Discrimination Regulations 2005

We are committed to providing a fully accessible environment which values all pupils, staff, parents/carers and visitors regardless of their education, physical, sensory, social, spiritual, emotional or cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Meldreth Primary School plans to increase the accessibility provision for all pupils, staff and visitors to the school. Our accessibility plan contains the following actions:

- Improving access to the curriculum for pupils with a disability, expanding the curriculum where necessary to ensure that all pupils are equally prepared for life. This covers teaching and learning and the wider curriculum of the school such as participation in leisure and cultural activities or school visits.
- Improving the delivery of written Information to pupils, staff, parents/carers and visitors with disabilities.
- Continuing to develop access to the physical environment of the school, adding specialist facilities as necessary. This includes improvements to the physical environment of the school and physical aids to access education.
- New action plans will be drawn up every three years and provision changes as the need arises.
