## GETTING BACK TO SCHOOL

The safety and wellbeing of your children will always be our number one priority.

Our schools will be safe spaces.

This week, the government announced that primary schools will not be expected to welcome all pupils back before the summer holidays. We will look carefully at the government's detailed guidance when it is released but for now we have no further details. Our school leaders, including our governors, will review the situation on an ongoing basis and offer additional places to pupils wherever possible. We have committed all our resources to implement the current opening to children in Puffin, Swift and Hawk classes and we are aware that many schools did not have the capacity to open to all of those year groups due to shortages of staff and space. My huge thanks to our staff for their continued support of pupils, which has even included purchasing fruit for the children's daily snacks.

## 5-a-day Fitness

We hope our families have enjoyed using our '5-a-day Fitness resources' over the last 2 months. The current generic login will close within the next 6 weeks and our new login details will allow you to continue to access this resource.

Please **LET SCHOOL KNOW** if your child or anyone in your household has any of these symptoms:

**New and continuous cough**

**High temperature**

**Loss or change in sense of taste or smell**

## Grafham Water Visit

Following my earlier contact, we are still aiming for our Grafham Water visit to take place from Wednesday 21st October to Friday 23rd. Currently we have turned off our payment plan reminders - as we watch the current Government advice. We will begin reminding you again in September.

## Hawk 2 Have a Dream...

I have a dream that one wonderful day,  
This prejudiced world will live in perfect harmony,  
and that the black and Asian youth of today will  
access an education equal to that of their white peers.

I have a dream that more help will be given to special  
needs children and adults,  
Who maybe need a wheelchair or specialised  
schooling,  
and they are treated not as being different, but the  
same.

I have a dream that one day all people will be equal,  
NO matter their race or religion,  
People will be judged on their kindness and  
personalities alone.

I have a dream for homeless people in this willing  
world to live in safety,  
To be provided with the essentials of life,  
so they can live in perfect peace and not live on the  
cemented streets

I have a dream that one day people will stop  
deforestation, because  
We are killing animals, destroying the ecosystem and  
in the process killing ourselves.  
We must do what we can to create an eco-friendly  
world.

I have a dream that one day people will live in the  
safety of each other's arms,  
and no longer be entangled in a war on equality,  
and not pushed away for being the slightest bit  
different.

I have a dream that one day, no matter how far into  
the future,  
All shall live in perfect harmony,  
and not be judged by what we look like, but who we  
actually are.
