## Get Creative some ideas

**P.E day-** Make your own circuit course. Include a throwing activity, a jimping activity, a rolling activity and a running activity. We are practising for our Sports Day coming up soon (for children in school and at home too)

**Make a shell,** use some clay, saltdough or playdough. Roll it into a ball then shape into a shell. Can you add any patterns to your shell? Can you use more playdough or clay and see what patterns you get if you press real shells into it?

If you use clay or saltdough you could let it dry and paint it afterwards.

**Upload your work to Tapestry or email to us, we would love to see it.**
