

How will I know how my child is doing?

How will I be involved in discussions about and planning for my child's education?

How will you help me to support my child's learning?

We believe that good communication between home and school is essential for us to work effectively together to support every child.

We aim to maintain regular and timely communication with parents using telephone, email, face to face meetings or home school communication books.

We liaise with a wide range of professionals (educational psychologists, speech therapists, school nurses, family support workers, parent partnership) and will help with explanation of professional reports to parents where it is helpful. Where possible, we will arrange for you to meet directly with external professionals who are involved in your child's learning at school.
