

Principles of delicious homework:

- *Develop a love of learning.
- *Foster a sense of creativity.
- *Develop own interests
- *Widen general knowledge of the world.
- *Develop research and investigative skills

We all enjoy learning things in different ways so by using the homework menu we hope that you get a chance to show us your creativity.

It could be an opportunity to work with your parents and/or siblings to research, and enjoy some new ideas. We also hope that it will nurture your love of learning and develop new skills.

Spring Term Homework

Year One

Our Growth Mindset Philosophy

With

work, practice, perseverance,

you can improve – whether it's your academic performance, or any other skill.

BELIEVE TO ACHIEVE!

STARTERS

A mouth-watering
combination of
reading every day
accompanied by a side
order of
spelling every week
and

Learning your number
bonds to 20

Counting in 2s and 10s

Counting to 100 forwards
and backwards

Year 1 – suggested authors for this term are:

Jill Tomlinson
Jon Scieszka

Simon Bartram
Jez Alborough
John Burningham
Judith Kerr
Michael Rosen

MAIN COURSE

Choose one dish from our a la carte menu:
you have until March 26th 2020
to complete your project. Please bring it in on that day
for our whole school exhibition at 3.20 pm

Science/History

Learn about a space topic such as the solar system or history of space travel. You can present this as a leaflet, model, poster etc...

Art/English

Paint, collage, junk model or sculpt an alien. Write a short description including name, planet, what it likes to eat, how many legs, arms etc....

English

Write and illustrate a space story. It could be another Bob story or your own idea.

Geography

Make a travel brochure/poster about a hot or cold place in the world that you have visited or would like to visit.

Science

Design a poster to show the 4 seasons of the year. This could be 4 drawings, photos or paintings. OR Keep a moon diary for a month.

DT

Design a space picture with a moving part using a pivot (e.g. split pin) and/or lever.

DESSERT

Here are some family activities to promote learning skills:

*Play a board game together
-bring in a photo!
*Visit the Cambridge Science Centre

*Look at the night sky and spot some constellations

*Practise telling the time—
o'clock and half-past

*Get to know the value of different coins by creating a shop role-play or paying for items at a real shop!

*visit <https://www.topmarks.co.uk/maths-games/5-7-years>
