Headteacher

What do you like most about St.Luke's; It is a very small school children settle really well, teachers communication and atmosphere, friendly, very inclusive and welcoming and focus on phonics, newsletters & show and tell. More Eco education, teachers help children, friendly environment, my child has settled so well he is very happy with teachers and staff, wonderful overall very impressed, St.Luke's school is the best. Friendly atmosphere and staff, I like everything, parents involvement in children's learning, the teachers are all lovely and approachable, they always take on board anything you may be concerned about, Friendly approach and my child enjoys the school, friendly teachers, Friendly staff, The environment is good and encouraging, friendly staff, very good clubs for the kids, more playtime, basic needs looking after ie allowing to toilet break, encouraging drinking water, wash hands, teachers are friendly and staff are cooperative, they keep me informed of my child's learning and great communication with parents, child is happy and thriving. The staff are extremely friendly, ease of approaching teachers and support given, friendly staff, the attention and dedication of everybody, standard of teaching, a very good and always improving school, Art – because you do lots of stuff like making from paper. A nice friendly school, wearing the PE kit, close to home, Christian values, have encouraged them to work hard in studies. St.Luke's has helped my children to socialise with other children, teachers and office, everything. Teachers and staff are excellent relationship with parents, great atmosphere for learning. Teachers are friendly and staff are co-operative, they keep me informed about my child's learning and great communication with parents. Teachers are wonderful, they are co-operative, management good, brilliant, my child is happy, staff, the teaching technique.

How can we make our school better: More homework activities, more activities, I couldn't say as I am very happy the way it is, It is already good my children love it. More Eco education, perhaps teachers could read more with the children More play time please. Maybe more trips or work on an outside basis (weather permitted), parents evening for whole class to bond parents would be great and support rather than making parents association non-existent. Sending emails and newsletters is not involving parents, by encouraging more options for after school clubs, consult with and engage parents in decisions eg; school uniform / PE kit change. More homework, uniform / lost property issues. Paper homework is very helpful for parents. Keeping up the good work, more Christian focus / bible study, build a swimming pool, more homework and sports activities, also help for children after school with spelling and writing, On-line payments rather than cheque, St.Luke's is the best, more after school sports, by encouraging more options for after school clubs eg chess, More staff.

Any other comments : I am a new parent and am pleased with my son's progress, Halal meat for school dinners. It would be really helpful if you could open the back gate. Good relationships growing in time, Would like to see a more formal uniform with Blazer / tie, keep up the good work. Paper homework as requested, Would like a paper maths homework every week. The school should have a football team or other sports teams to play against other schools. My son likes school very much, thank you. School has really improved over the years, keep up the good work you are doing,
