## Be Kind - Parent Survey March 2020 – What is going well in School?

Teachers are very friendly and helpful. My Son loves coming to school and taking part in all the activities.

I like and appreciate the new relaxed way the children start the day.

Good understanding of child's progress and continuous support for my child's development.

I like about the school that it teaches in a nice specific method way, Thanks and keep it up.

My child is enjoying coming to school, the teachers are good and positive. Thank you very much.

The extra class in mornings on Tuesdays for SATS is amazing.

I like how well the teacher relationships are with the students.

I love the school because my son loves to come here every day, he loves his teachers, I like the supportive environment, I like the supportive environment and I like the 1 to 1 support on phonics.

The new morning routine is so much calmer for my child.

If my child needs extra support or slight changes to be made, it is applied to the whole class so he doesn't feel singled out. There is excellent communication from the staff and they are always ready to answer questions when asked. The office staff are always very knowledgeable and very helpful.

Over the last couple of years, the school has really picked up on the help it is giving to all the children at the school in the way it is teaching the kids and helping them learn. Very happy with St. Luke's School, Ms Butler and her staff. Please keep up the good work.

We are now happy Juliette is at school. She is excited about the school day and has to be encouraged to leave at the end of the day!

The staff.

I am very happy with my child's learning overall, it is all great. Very happy with the staff.

My child's progress is amazing. Please keep up the good work. I think my son is taught really well at school.

Lovely school. Very friendly staff and teachers, very helpful. Love the way the teachers care for the well-being of the kids. Dinners, we love them. Very grateful.

I think Mrs Richards is the best thing about the school. She has brought the best out of my daughter. Good teachers make all the difference.

I like coming into school to see what they are doing. Also, the teachers are friendly and easy to talk to. Well organised, discipline and teachers are focused and attached to kids. I am glad both my kids are studying in this school, thank you.

Both of B's parents agree that B is doing great and has improved massively in so many areas. Keep up the good work. Dedication for kid's environment.

## Be Kind - Parent Survey March 2020 – What is going well in School?

Great communication, quick to provide help and resolve any issues, great support and encouragement for my child.

Good communication, very friendly staff.

I really like the variety of after school activities and the competitions children can take part in. The end of year school trips are great. Sports days are always positive and fun.

Teachers are great and very approachable.

We are very happy with school. Teachers are amazing and approachable. Ms Butler is also approachable and helpful. St. Luke's is a good school and we are happy that we made a good choice for our Son. A's Mum, Swordfish.

I am impressed with my daughter's improvement in writing and maths. She loves to come to school and that makes me happy and gives me peace of mind. Thank you.

Nothing special actually, we are really glad whatever activities and curricular goes on. I would like to suggest only one thing that we get weekly homework and it should be personally checked by the class teacher. Thanks for considering our suggestion and expectations.

I like this school because all teachers are very nice and kind.

We like this school because teachers are helpful. Kids love this school. S Ali.

I like music, art and literacy.

I like that we have discreet access to the teachers, the prompt communication to getting recommendations passed.

I am happy with the progress of T. He is improving his reading and writing skills. Thank you very much. He enjoys going to the school. He likes this school very much.

Thank you so much for you guiding our child so well. Great teaching experience. Thanks a lot.

Excellent in all ways. Academic also good. Support for all staff is highly appreciated.

Very happy, my child likes school work.

I'm happy for the school to be such a good place for my son to thrive in his study and overall development. He is getting better in so many aspects. I like how many friendly and helpful the teachers are. They are understanding and patient.

I think it's a great school because all the teachers are very kind and always have a laugh.

Communication and punctuality

My child loves PE, I love that you come in dressed in PE kit so clothes not lost at school

The communication between teachers is good. Always available for a quick chat if needed.

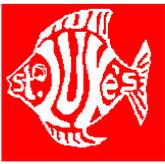

Very good support for both parents and the children.

This has been a huge step forward in how my child feels about school life. My child feels encouraged and does not feel he is being looked at as being less capable than other students. The class teacher is more open and positive in her approach.

## Be Kind - Parent Survey March 2020 – What is going well in School?

Very happy about Z's development. The school has helped her become more confident. We like St. Luke's and the staff a lot. The teachers put in a tremendous effort to help Umar improve, develop and enhance his skills and knowledge.

In St. Luke's there is creativity and commitment to children's quality education, Teachers are approachable and very open to consider every child's uniqueness as a significant contributing factor to St. Luke's ethos and every-day life. CK.

Staff are lovely, my son is very happy here.

I like that are kids are learning new things.

I really like all of the ways that you enable the children to achieve e.g. certificates, hot chocolate with the Head Teacher, and mentions in the newsletters. I think it's so lovely for the kids to feel noticed and like they are achieving things.

I think the school is fantastic and I am very happy with everything the school does to teach my girls. They are so happy and eager to come to school every morning.

I Really like the new morning drop off. Hope it continues.

Communicate with parents very well.

Lovely teachers, good range of topics. Welcoming environment.

Taylor loves school and is encouraged every single day at St. Luke's. The school supports her strengths and weaknesses and she is able to excel in her learning.

I like the change in sending to classes, it is the best way not to jam the people.

Teachers are very friendly, I feel I can speak to the teachers at any time. Great extra after school clubs.

The school is taking great efforts to improve my child's general learning ability. She is enjoying the school and learning. It will be great if we receive daily log about her activity done at school in a form of diary and homework what was done on that particular day. Thank you!

St. Luke's Primary is a very lovely school. Parents are kept well informed about issues concerning their kids. My kids are very happy when in school and all the staff/teachers are very friendly. Thanks for the excellent work.

Children who achieve highly continue to be challenged. The fish in reception are a lovely addition. The reception staff are great.

My children have a good education and good communication with the teachers and always let me know if something.

Making changes at the starting of the day, opening at 8:40am excellent. Offering clubs, we need more opportunities.

A enjoys Art/Craft/Painting and free flow. She is also enjoying her literacy/phonics and maths class. I have seen a definite improvement in her overall attitude towards learning.

## Be Kind - Parent Survey March 2020 – What is going well in School?

I like the school, it is very helpful for my kids and I. My kids love this school and teachers. Promoting care and kindness for others. Holistic view (studies and extra-curricular) Schools teachers, specifically Ms F is quite supportive, putting lots of efforts for P's study, eating habits, she is coming along great. We found school quite proactive we are getting all information for schools' events. Kids handling and teacher techniques are great. Thanks. Teachers are amazing, I like the ambience of the school.

As a parent we are very happy since our son is improving a lot. Thanks for the support of St. Luke's class teachers. Every year he is gaining confidence on his writing, reading and communication skills.

My daughter is always happy and has loved her time here. The support from the teachers is very good. I'm very happy with the progress of my daughter. The confidence the teachers give the pupils help achieve the best they can. Friendly staff, kids are happy to come to school.

The school is very open and friendly. Both of my children love coming to school which says everything for me.

I like the extra support groups to help my children achieve their best and gain more confidence. My daughter has gained confidence about her study. Great credit goes to the teacher. Everything is outstanding. Great teachers, helpful teachers and extra help if needed. Like the teachers, we love the way you send out communication on email. Excellent administration and receptionists. Would be good if the homework would be given each week and not termly.

V started the school this January in Angelfish class with Mrs Hadley. We are generally happy that V has settled well. V had a good friendship group in his old school and used to be loved by teachers and staff. I hope he will get the same from this school in coming days/years with his own capability. Thanks

We like communication with staff every day so we can mitigate any incidents. Also, Punctuality on drop in and pick up, the tidiness of the playground and inside. Very helpful staff and excellent learning materials. We really like the friendly environment at the school where the child is comfortable and confident. Supportive.

We like that the school nurtures our daughter, and has allowed her to grow as a little girl. I sometimes think that information can be told/communicated slightly better. I agree that that school staff are really nice and doing a great job. I just want to suggest that if the children can get some homework weekly it is beneficial for everyone.

## Be Kind - Parent Survey March 2020 – What is going well in School?

At least parents know what's going on in their day and they can also support children in their studies.

The friendly, welcoming attitude of the staff members. Miss Beckett and Mrs Larkin have been fantastic.

Teachers!

We love how good the communication between teachers and parents is. Our child has made firm friends and loves her teachers.

Very supportive and proactive for the children with additional needs.

I really like how the teachers are working with kids. They have a really good relationship with them. They are really friendly for kids and the parents as well.

We like the care and teaching methods they do.

I like the teaching patterns and interactive learning given to the pupils.

The school listened to my son's suggestions and gave him opportunities related to them.

The educational structure that the school has in place to help kids develop e.g. 1 to 1.

I like the teachers concern about child's education and more focus about their progress and how to improve.

Nice to talk with the teachers.

St. Luke's CoE school teachers are very friendly and helpful.

I like the discipline and behaviour.

I like Everything! My son is very happy since coming from Riverside.

As such, things are quite good but it will be good if you include more professional clubs like football and cricket and a bit more work on better syllabus.

Responses all included
