Not sure, you are doing great.	None.
More sports competitions, quizzes against other schools.	Keep improving and it's a joy to be sending my child to school with a smile.
<b>How can we make our school better?</b>	<b>Any other comments</b>
Being fair and open to feedback.	When there is a concern raised, accept rather than getting defensive.
Having more 1 to 1 classes after school finishes rather than just club sessions.	St. Luke's is a very good school.
Bigger play area.	It would be great if you let the Nursery children go from the main with siblings rather than walking all the way along with small children and babies.
Can give homework to the students daily.	
More information about the child's progress.	
More sport.	
To have a big playground.
