MAKATON SIGN OF THE WEEK

"Being able to communicate is one of the most important skills we need in life. Almost everything we do involves communication; everyday tasks such as learning at school, asking for food and drink, sorting out problems, making friends and having fun. These all rely on our ability to communicate with each other.

Makaton is a language programme using signs and symbols to help people to communicate. It is designed to support spoken language and the signs and symbols are used with speech, in spoken word order.-
