2. Introduction

Pupils' examinations are based on prior starting points or in the case of the sixth form, other completed courses. The range of qualifications is linked to the curriculum, where key aspects are taken by all pupils, as well as an option element to the curriculum.

Progress is measured for pupils in Key Stage 4 using the school's own levels and tracking, including across Key Stage 3 and 4. This has also been completed for pupils in the Sixth Form for continuity in the school. See Pupil Outcomes Report on Progress & Attainment for more details.

5. Identified areas for further development

- Introduce new qualifications for pupils to achieve and deliver BTEC Level 1 qualification.
- Increased opportunities for pupils to engage in accredited courses for the work place, (e.g. LASER, Food Hygiene).
- Continue to further develop the Slated Row School tracking system in order to ensure that our provision continues to effectively prepare the pupils for life beyond education.
