

# Year 1 Homework - Spring B

To be completed by: Monday 1<sup>st</sup> April 2019

## Project Focus: Topic - Moon Zoom

### Suggestions of activities children might like to complete:

- Visit your local library and search for space-themed books. Read and talk with an adult about the books you find.
- With an adult, search the web for fascinating space facts and make your very own space fact book.
- Ask an adult to help you find the names of all the people who have walked on the Moon. There are 12 of them!
- Use an app to find constellations, planets and stars in the night sky. Which constellation is the easiest to recognise? Which star is the brightest?
- With an adult, explore the Hubble Space Telescope website. Check out the amazing gallery images!
- Imagine you're an astronaut completing different space missions and make a mini book about your work.
- Make a telescope from junk cardboard materials and sticky tape. Just before bedtime, use your telescope to look up at the stars. Can you see any wonderful star patterns in the sky? Grab a piece of paper and draw the pattern of stars that you spotted. Take the pattern to school to share with the class.
- Make up a space song or rhyme.

### Suggestions of possible places visit:

- There are no local places to visit for this topic but please encourage your child to look out the window one evening to note what they can see.

### Suggestions of possible books to read:

- Nuts in Space by Elys Dolan
- Q Pootle 5 by Nick Butterworth
- How to catch a star by Oliver Jeffers
- Man on the Moon (A day in the life of Bob) by Simon Bartram
- Dinosaur Rocket by penny Dale
- Beegu by Alexis Deacon
- The Way Back Home by Oliver Jeffers
