

**LUNCHTIME***company* has been at the forefront of the school food revolution for many years. We strongly believe that children should be reconnected with their food, where it comes from, how it is produced and why healthy food is important.

We only use ingredients that are ethically sourced and approved by The Soil Association's 'Food for Life' programme; we also have an ongoing programme of training and retraining for our school chefs who cook everything on site from scratch.

We have devised menus with Bury Senior Management Team that we hope will appeal to everyone and will extend and stretch the taste sensations for all pupils.

We adopt environmentally friendly practises through our operations to address waste reduction, energy and water efficiency and food distribution.

We followed this by benchmarking service levels and creating a fabulous atmosphere.

We are consistent with our attention to detail – it has to be perfect!

Fabulous food, outstanding service and bringing the best in school dining to the centre of Bury CofE Primary School.

**LUNCHTIME***company* – A better choice – The highlight of the day for everyone.
