Dear Diary,

Today was a **good** day. As the sun came in **through** my curtains, I could smell breakfast cooking downstairs. I got out **of** my bed, threw on my school clothes and went downstairs.

I sat down at the kitchen table in my spot and mum gave me my **favourite** breakfast of scrambled eggs on toast. Yum! I ate it **quickly**. I saw the time so jumped up from **the** table, gave my mum a hug and picked up my school bag. I set **off** to school.

When I **arrived**, my teacher was **handing** back our maths test papers. I **tried** really hard on it but was worried in case I **didn't** do very well. I **looked** and a big grin spread **across** my face. I **got** full marks! I **couldn't** wait to tell **Ben**, my best friend.

Lunch time continued to be **great**! The menu was pizza, **with chocolate** pudding for **dessert**. After, I played football **with** Ben and we won! Then all afternoon was art which is my favourite subject. **We used** the paints to make a landscape picture of the school field. **My** teacher showed mine to the **whole** class **because** it was really **good**.

After school, I got home and my mum told me that we were **going to** go out to the cinema and **have** burgers for tea. **We** had a **good** time!

I'm **writing** this just before I go to bed and **can't** believe what a **great** day it has been. I hope tomorrow is just as good.
