Years 5 / 6	Evolution Revolution	World War 2	People on the Move	Light	The heart of the matter	The heart of the matter

Within each Theme, we create a **Body of Learning** to ensure that our themes are well balanced. Each theme has Head, Hand and Heart elements.

Head = academic research and factual recall crib sheet. These are referred to throughout the year and the child's time in school to ensure that they retain this key information.

Heart= character and well-being

Hand= generating ideas, problem solving and making

You will find the **Body of Learning** for each theme in your child's class page on the website
