Supplementary Claim Form 2018/19

Please use the tables below to reflect any changes in your original claim. Claims are taken for a pattern of hours per week over a claim period. You must provide information for any other provider where you are taking up free hours. If any information changes throughout the year, you must complete a new Claim Form to record the changes. In completing this form, the consent to the use of your data that you gave on the original form applies. This form should be attached to that previous consent form.
