Read It	Write It	Paint It	Do It	Investigate it
<p>Read the <i>Teaching with Tech</i> story in 'Topical Tuesdays' on the Heamoor School website.</p> <p>Hold the debate with a member of your family.</p> <p>https://www.heamoor.school.co.uk/website/topical_tuesday/536867</p>	<p>Imagine you are someone from the ancient world who has just invented writing on paper or something similar, such as papyrus. Remember, up until this point, the only communication would have been through word of mouth or by carving on heavy stone or clay tablets. Write a persuasive advertisement, promoting your amazing new invention.</p>	<p>Make your own papyrus. You may need to have a look online for instructions.</p> <p>You could paint on it when it's dry.</p>	<p>Complete the 'Investigate' challenge from the Topical Tuesday article and compare your writing speed with your typing speed.</p> <p>https://www.heamoor.school.co.uk/website/topical_tuesday/536867</p>	<p>Find out about 'old' and 'new' technological inventions and make comparisons. For example, you could compare music tech such as comparing a 'Walkman' with an 'iPod'.</p>
<p>Read the 'When We Got Lost in Dreamland' extract and answer the comprehension questions.</p> <p>https://www.heamoor.school.co.uk/website/reading_comprehension/530782</p>	<p>Write about an amazing new gadget you've just invented. What does it do, and how does it work? Why should people use it? How will it change the world? Use the Dreaminator text to help you. What happens when Malky and Seb get their hands on your invention? Write a newspaper report about the consequences!</p>	<p>Find out about Surrealism. Choose your favourite artworks, then draw or paint a dream inspired by what you've discovered and observed.</p>	<p>Design and construct a Dreaminator, using the descriptions in the text to guide you. Decorate it with feathers, old jewellery, shells - anything that is visually appealing and safe to use.</p>	<p>Dreaminators are shaped like pyramids. How many edges, vertices and faces do square pyramids have? How do they differ from triangular pyramids? Use a range of materials to construct pyramids of different dimensions and compare your 3D solids with their corresponding nets. Can you find a way of measuring their volumes?</p>
<p>Begin, or continue, listening to one of Mr D's audiobooks (Mr Gum / The Girl of Ink and Stars / The Boy in the Tower').</p>	<p>Write and illustrate instructions on 'How to make a Dreaminator' for someone else to follow.</p>	<p>Have a look at Seb West's work and choose one of his art pieces. Can you try and recreate it?</p> <p>https://www.sebwestgallery.co.uk/</p>	<p>Complete the challenges (including 'Making up the Miles') in this year's Lockdown 3.0 Virtual School Games.</p> <p>https://www.heamoor.school.co.uk/website/virtual_school_games/488840</p>	<p>Where do dreams come from, and what do they mean? What do you think? Is one type of dream more common than another? How could you find out?</p>
