

# Objets de la classe

Classroom Objects

# Lesson 8

**Walt:** talk and write about what is or is not in my pencil case or school bag

know the position of adjectives in a sentence

understand that adjectives can change spellings according to the gender of the noun

**Starter:** Get your white-boards and pens ready on your table. Now, **listen** to the names of classroom objects (DO NOT WRITE). I will read out the list twice! As soon as I finished, you can start writing the words that I mentioned! The challenge is to write all the words that I said and only these words! 😊

Can you also tell me which ones are **masculine (un)** and which ones are **feminine (une)**?

**Answers:**

gomme, dictionnaire, livre, trousse, cahier, taille-crayon, règle, cartable, calculatrice, colle

**Let's recap ....** Say the sentences to your partner, then write them on your white-boards. Then check answers.

Dans ma

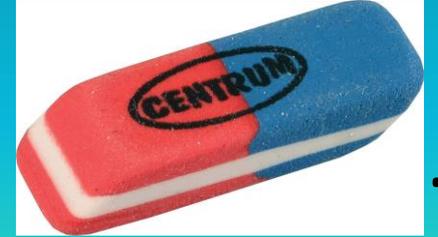

, il y a

, un

et

.

Il y aussi

.

Il n'y a pas de

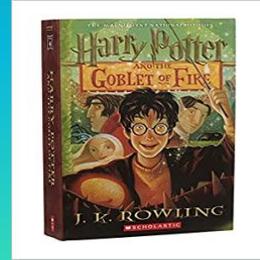

.

**Let's recap ....** Say the sentences to your partner, then write them on your white-boards. Then check answers.

Dans mon

, il y a

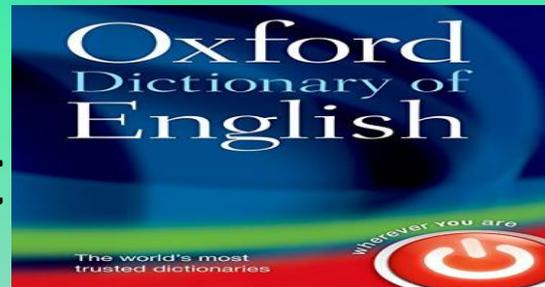

et

Il y aussi

et

Il n'y a pas de

et de

Let's remember...

## Position of adjectives:

un marqueur **noir**

une règle **rose**

un **petit** cahier

un **petit** cahier **rouge**

un **grand** cahier

Most adjectives follow the noun in French.

But some adjectives like "**petit**", "**grand**" and "**gros**" go before the noun!

# Adjectives may change spelling:

un crayon vert

une trousse verte

un petit crayon gris

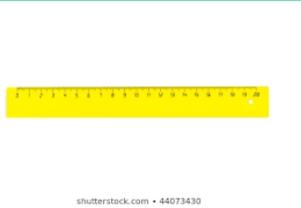

une petite gomme grise

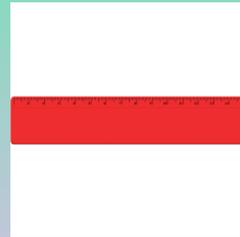

In French, adjectives have to “agree” with their noun.

Therefore, if a noun is **masculine**, the adjective has also to be **masculine**.

If the noun is **feminine**, the adjective has also to be **feminine** but that means the spelling must change slightly! We need to add an “e” to the adjective.

une règle jaune

une règle rouge

If the adjective already ends in an “e” then the adjective does not need to change.

# Plural of nouns:

un cartable brun

deux cartables bruns

une calculatrice bleue

trois calculatrices bleues

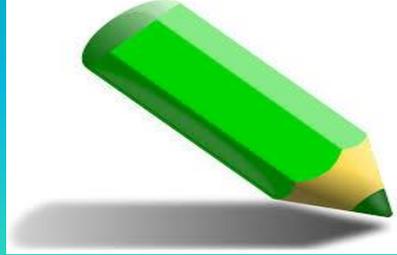

If the noun is plural, we add a “s” at the end of the noun and at the end of the adjective that describes the noun as adjectives must agree with their noun.

**Writing Activity:** On your white boards, practise writing these sentences. Make sure you use adjectives and please pay attention to spellings!

Dans ma

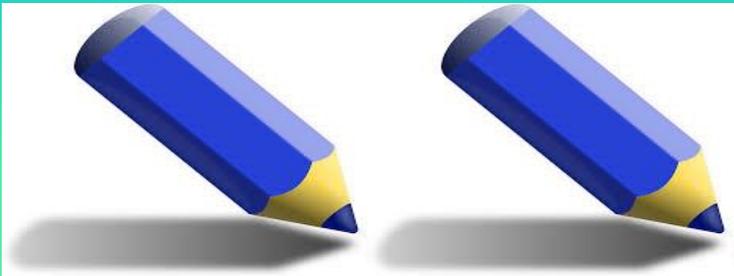

, il y a un

, un

et

Il y aussi **une**

et **une petite** règle **grise**.

Il n'y a pas de

**Writing Activity:** In your French books, write the long date in French and the Walt.

Example of a date: Mercredi 25 novembre 2020

First, design your own pencil case or school bag.

Then, describe what is or is not in your pencil case or school bag by writing a paragraph of three sentences. Remember using adjectives.

**Safe:** Use one or two adjectives in your sentences.

**Stretch:** Use plural and colour adjectives in your sentences.

**Super-stretch:** Use plural, colour and size (“petit, grand, gros”) adjectives, correctly spelt in your sentences.
