Dear Families,

You may have seen in the media that cases of measles are on the rise nationally.

"Measles is an infection that spreads very easily and can cause serious problems in some people. Having the MMR vaccine is the best way to prevent it. Measles can lead to serious problems if it spreads to other parts of the body, such as the lungs or brain. Problems that can be caused by measles include pneumonia, meningitis, blindness and seizures (fits)." (source NHS)

<https://www.nhs.uk/conditions/measles/>

Brent are running MMR vaccination clinics at the Civic Centre every Tuesday to support increasing the number of children who are immunised against measles in our local area.

If your child has not been vaccinated, I would urge you to contact the MMR clinic and make an appointment.

Yours sincerely,
James Simmons
Headteacher

NHS
North West London

MMR Vaccinations (Measles, Mumps and Rubella)

Every Tuesday 9am – 4:45pm

Brent Civic Centre

Engineers Way
Wembley Park
Wembley
HA9 0FJ
