Improving our Learning Environment

Creating a **NEW** library

“Inspiring a love of reading”

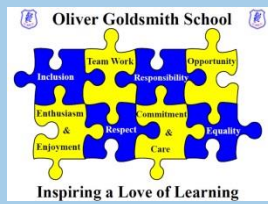

Oliver Goldsmith Primary School ***"Inspiring a love of learning"***

Our old school library was in the wrong place and needed replacing. So we turned the old school library from this...

Oliver Goldsmith Primary School ***"Inspiring a love of learning"***

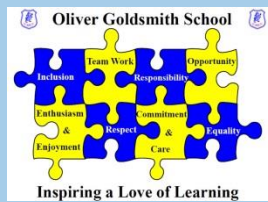

....Into a brand new "Cooking Zone"....

So how did we create a new school library?

Oliver Goldsmith Primary School ***"Inspiring a love of learning"***

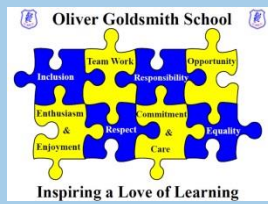

With our Y6 pupils each having a locker after voting for them as part of a British Values democracy in action project, this area was to become our new library...

With doors close by for the playground and to leave the school, it is a perfect place for a library so that children can access it during breaks, lunchtime and after school!

Oliver Goldsmith Primary School ***"Inspiring a love of learning"***

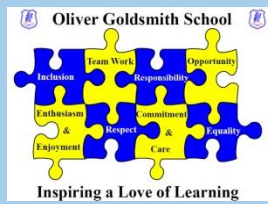

And the building process began...

The room was emptied with a new wall and door installed!

Oliver Goldsmith Primary School ***"Inspiring a love of learning"***

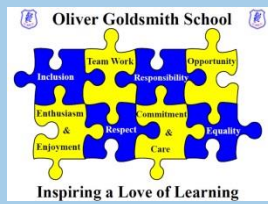

Next up...

...decorating, doors and carpet!

Oliver Goldsmith Primary School ***"Inspiring a love of learning"***

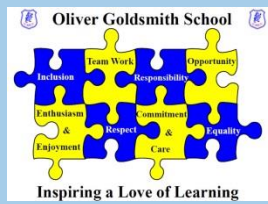

Next up...

Furniture!

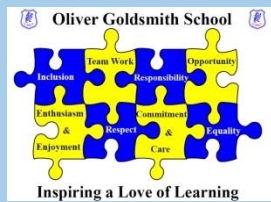

Oliver Goldsmith Primary School ***"Inspiring a love of learning"***

And a special door...

Oliver Goldsmith Primary School ***"Inspiring a love of learning"***

Just add books...

Summary of the book	Who is your favourite character and why?
Hansel and Gretel's father is a woodcutter. His wife suggested to take the children deep, deep into the forest and leave them there, so she and her husband will not starve.	My favourite character is Hansel because he fooled the witch into thinking he was not getting fat.
What was the best part in the book and why?	
The best part in the book was when Gretel pushed the witch into the oven.

Author: <u>Steve Cole and Bruce Ingman.</u>	
Rating (colour in the stars):	
Summary of the book	Who is your favourite character and why?
This is a hilarious story. I like the New Babysitter the most about going to bed. It is about going to bed. It is about going to bed. It is about going to bed.	because she is funny, nice and she has clever ideas to make Joe and Ellie go to sleep.
What was the best part in the book and why?	
The best part is when the New Babysitter actually gets the leopard and the children get scared to hear the GROWL! But in the end there is a Sleep or I let loose the LEOPARD! Surprising twist to the story.

Rating (colour in the stars): ★ ★ ★ ★ ★	
Summary of the book The book is about a boy called Tom. He was really dumb and one day he got voted to be school council. He was so happy. Tom liked a girl called Amy, he was saying a speech in front of the whole school. Then his teacher interrupted him and said that there are more good news for you. Tom has got the highest score on last weeks test. Tom was really surprised.	Who is your favourite character and why? My favourite character is Tom because firstly he is the main character and he is so funny in the book and he has a great and funny character.
What was the best part in the book and why? The best part in the book is when he said what will happen when he is school council because what he said sounded so fun to me.

Author: <u>Jill Murphy</u>	
Rating (colour in the stars): ★ ★ ★ ★ ★	
Summary of the book A girl bumps into a witch trying to get into the academy for witches. Both of them got in and they start loads of new adventures together.	Who is your favourite character and why? My favourite character is Mildred Hubble because she is adventurous, kind, brave, sporty and crafty, like me.
What was the best part in the book and why? The best part was when Mildred meets her enemy (Ethel Hallow) because that's when they started using spells on each other (Mildred does it by accident but Ethel does it on purpose).

Summary of the book Maia, an orphan, can't wait to start the long sea voyage. She is to begin a new life with relatives she has never met, called the Carters, a thousand miles up the Amazon River in Manaus. Maia and Miss Minton, her governess, arrive at the hut and begin a life they had never, ever dreamt of living!	Who is your favourite character and why? My favourite character is Maia because she is warm, hearty, kind, thoughtful and she cares about others. For example, when Finn, the son and grandson of two very important men, was wanted in England to rule the country, after his father's death. Maia didn't tell the police because she knew that Finn didn't want to become king of England.
What was the best part in the book and why? The best part was when Maia found out she was going back to England to boarding school and that Finn is going back to England to rule after the death of his grandfather and uncle. So it is a win-win for Maia and Finn because it's happy and they are both in England and living!
