

Week 8 Monday

Can you draw your own alien on the following page? How will your alien look? How many arms and legs and eyes will you draw on your alien?

Will your alien be friendly or scary? Will it be slimy?

Design an Alien

Can you design your own alien in the space below?

Tuesday and Wednesday Build a Spaceship!

Ask a grown-up if you can have some recycled materials from your house. Use these to build a spaceship. It could be a small model, big enough to fit a teddy bear inside, or even big enough to fit you!

You could start by building your spaceship out of cardboard and tape and then painting it and decorating it.

Look at the pictures below for some inspiration.

Thursday

Thursday

Balloon Rockets

Materials:

Baloons

String (2metres)

Straw

Tape

Scissors

2 Chairs

Steps:

1. Tie one end of the string to the back of a chair
2. Thread a drinking straw through the other end of the yarn and then tie the yarn onto the second chair.
3. Attach two pieces of tape to the center of the straw.

- Inflate the balloon, leaving the end untied and hold onto the opening to stop the air from escaping. Carefully attach the balloon to the straw using the tape. (You could draw a rocket or attach a rocket onto the balloon or use the template on the following page to attach to your balloon.)

- Pull the balloon to one end of the string and let go of it. The balloon will shoot across the string like a rocket!

Make sure to discuss how the balloon is moving across the sting i.e. the air is releasing out of the balloon and pushing it forward.

Friday:

Alien Juice

I have managed to find out about some special drinks that aliens love to drink! It is called 'alien juice' and 'alien milkshake'!

Can you have a go at following the recipes below and making your own drinks.

Alien Juice Ingredients:

- 1 cup water
- 1 cup frozen mango chunks
- 1 handful of baby spinach
- 1 banana
- juice from half a lemon

Method:

Just blend it all together 😊

Alien Milkshake

Ingredients:

- Half an avocado
- 1 cup milk
- 2 tsp Agave syrup or sugar

Method:

Remove the seed and skin from the avocado and dispose. Blend together the avocado, milk and agave or syrup together and enjoy 😊
