Using Images of Children Consent Form

PUPIL CONSENT FORM

Dear Parent/Carer,

A photograph can say a thousand words to capture the learning process in action, so at OGPS we take photographs of pupils. We use these photos in the school's promotional materials, on the school's website, letters, brochures, banners and on display boards around the school. We would like your consent to take photos of your child, and use them in the ways described below. If you are not happy for us to do this, that is not a problem – we will accommodate your preferences.

Please tick the relevant box (es) below and return this form to the school office

It is always stressed that such photographs or videos are for family use only and should never be published online where they show children other than their own.

Why are we asking for your consent again?

To ensure we are meeting the requirements, we need to seek your consent to take and use photos of your child. We really value using photos of pupils, to be able to showcase what pupils do in school and show what life at our school is like to others, so we would appreciate you taking the time to give consent.
