

Lesson 1

History: Explorers

What do you think an explorer looks like?

Draw a picture. Add the objects an explorer might need to take with them on their travels. You can also write a list of these objects next to your picture.

Explorers list

A large, empty rectangular box with a blue border, intended for writing a list of objects an explorer might need.

Lesson 2

Who was Christopher Columbus?

Watch the video and the answer the questions below about this explorer.

<https://www.youtube.com/watch?v=ThZj9TEMwgE&list=PLZUpHPhK6Wexro5ObkWINNMIHB5ToBD2s&index=12&t=0s>

1) What country did Christopher Columbus sail from?

Finish this sentence:

Christopher Columbus was famous for _____

Which of these ships was **not** a ship he and other crew members sailed in?

Cross out the **wrong** one.

La Pinta La Nina La Santa Mabel

What is the correct name of the ship? _____

Look on a map of the world and find Spain, America and India and look at compass directions. When he left Spain, which direction did he travel, to get to America?

Why do you think did he took tomatoes, corn, potatoes and Cacao to Spain?

Lesson 3

Out of this world

Look at the object in the photo. Discuss these questions with an adult.

Where do you think it is from?

What is it used for?

What is it made from?

How do you use it?

Who do you think would use this?

Lesson 4

Answer :

These are space tethers. Used by astronauts to attach them to the space station and stop them floating away into space.

Neil Armstrong and Mae Jemison

These are explorers. They explored space and they are both astronauts!

Find out about either astronauts Neil Armstrong or Mae Jemison. Make a poster including at least four facts about them. Include pictures or your own drawings to make your poster stand out!

Can you find out any strange or fun facts and them?

Below are some links that will help.

<https://www.youtube.com/watch?v=fIPFIY8hEck> Video link for Neil Armstrong facts

https://www.youtube.com/watch?v=b_mfdqyBqT8 Story of Mae Jemison

Lesson 5

Discuss

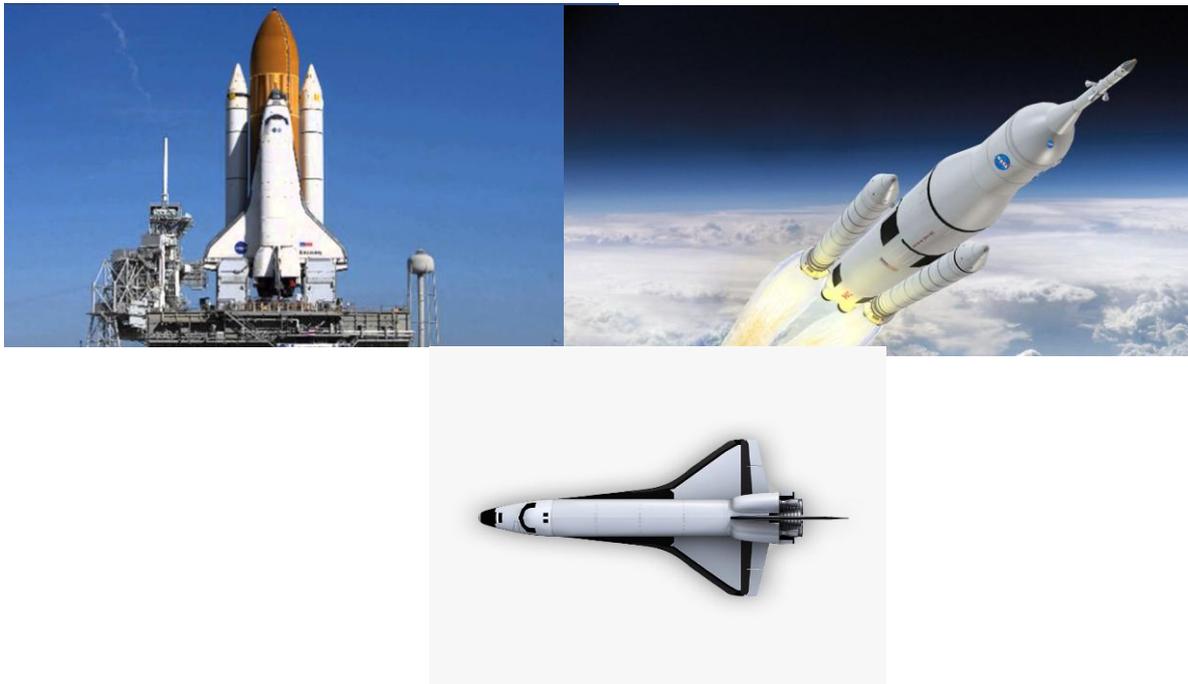

Have a think about the explorers you have learnt about this week. What kind of explorers were they? What did they explore? What did they find?

Did they look like your picture you drew on Monday? How were they the same or different? Would you like to be an explorer?

TASK:

Design your own junk model space rocket. Have a look at these space rockets for ideas. You could also design your own future rocket that could take passengers into space for holidays or explore distant planets.

Use your amazing imagination. There are many more ideas online.

You can use cardboard boxes, paper, kitchen rolls, foil, fabric, paint and anything useful you can find at home! Take a picture of your rocket and save them for when we'll be able to share them when back at school.
