

## Y3 Week 1 French

### Numbers up to 20

1/ Practise counting up to 20 by listening to this video. Repeat each number and do it a couple of times. If confident, pick any number and say the number in French without counting! It is much harder! Then practice writing the numbers correctly.

2/ Play the interactive game “Numbers 11-20” on “Busy things”. You need to match numbers with French words.

You can access the website by clicking the address underneath. Remember you need your username and password to be able to use LGFL resources. Then click on busythings.lgfl.net, curriculum browser, languages, Numbers 11-20. If you wish you can also do “Numbers 1-10”

Busy Things <https://www.lgfl.net/learning-resources/summary-page/busy-things>

3/ Sing along with the song practising your numbers.
