Then, go through the powerpoint and listen to each slide. Remember to click "slide show" in the menu and then click "from beginning" otherwise you won't hear anything.

3/ Choose a season and make a colourful poster.

Toolkit of your poster:

1. Get an A4 piece of paper if possible
2. Choose a season that you like
3. Write two or three sentences about that season.

Safe: simple sentences.

For example: Au printemps, il fait beau.

Stretch: Using conjunctions.

For example, Au printemps, il fait beau **et** il y a du soleil.

Super-stretch: Using conjunctions and adverbs

For example, **D'habitude**, au printemps, il fait **assez** beau **et** il y a du soleil **mais quelquefois** il y a de l'orage.

4. Draw the weather that you describe in your sentences.
5. Use colour pencils in your drawings
6. Good work presentation and neat writing
