

Year 5 Week 12 Distance Learning

Hello Year 5! This is your last week of distance learning for this year based on topic work. I have planned a mix of quizzes for RE, History and Geography, you have a PSHE reflective task and a final Art piece for Year 5 to complete this week.

Well done for getting through this year, hold your head up high and good luck for Year 6! It has been a pleasure to be a part of your learning journey this year.

Kindest regards

Mrs Ali

PSHE: Reflection Task; What I can bring to a team.

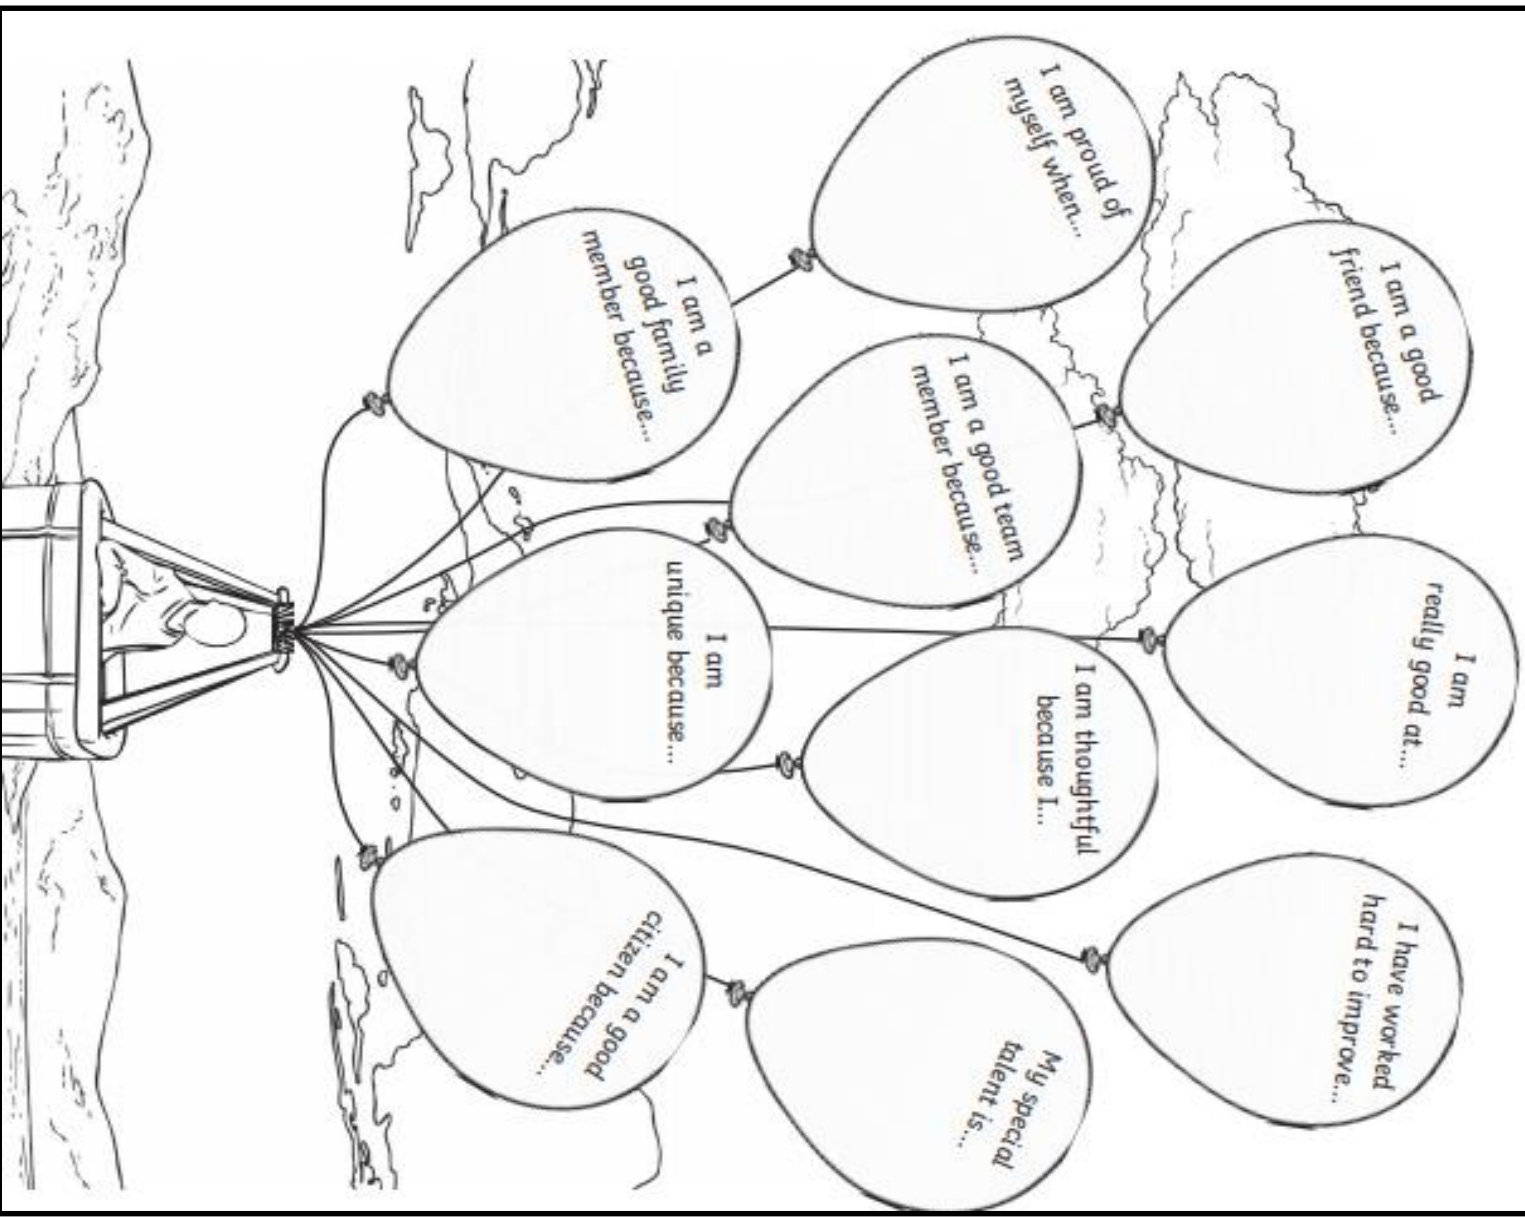

- What this video clip; <https://www.bbc.co.uk/bitesize/articles/zdq3bdm> (a group of children take up a challenge).
- In this clip, the six volunteers continue to learn the skills needed to work as a team on a search and rescue challenge.
- The children discover frustrations that can build and create problems within the team.
- One of the problems the children identify is everyone has their own ideas of how to do things, and they all want their way to work - which causes arguments.
- At the end of this clip, discuss with an adult what they have learned about how to work as a team.
- Going into year 6 you will be relying on your classmates a little bit more than before to help you through some emotional and stressful times, if we can identify what helps us become a team player, then we can start off year 6 with an advantage!

TASK: I am an amazing person

- In this activity think about what your strengths are and how they could apply that to working as a team.
- Finishing the sentence starters in the balloons. It will help you visualise the talents you have and how others would value them.
- After you have completed the activity, you could discuss with your family your reasons for your choice and how they think they could apply their skills to a particular scenario - for example, how would they work as a team to organise a party?

I Am an Amazing Person!

Read and finish the sentences in the balloons below.

Art: Final art piece of Year 5.

- For your final piece of Year 5 work I would like you to create a drawn collage all about yourself at this point in time. It will be in a silhouette of yourself; I have attached some examples and a template. Really let your personality pour into this final image, everything you like, dislike, favourite foods, lessons, life experiences - anything that you are comfortable to share!
- You will use the template as an outline and fill the inside of the figure, leave the outside blank or coloured in black- I can not wait to see these entries!

Templates to use; print or enlarge and trace over.
