

Y6 Week 4 French

Hobbies likes/dislikes and why

1/ Qu'est-ce que tu aimes faire? What do you like doing?

Listen to the MP3 file and follow the powerpoint at the same time. Remind yourself how to make sentences starting with opinions (likes and dislikes) and remember adjectives describing hobbies. You need to practise saying sentences about what you like or don't like doing and why!

Make sure you read out loud each sentence of the powerpoint to practise your pronunciation.

Can you now say in French what you like or don't like doing and why to a member of your family?

2/ Make 2 posters. One about what you like doing and why and the other one about what you don't like doing and why. One poster will have a drawing of yourself happy and the other one being unhappy. Each poster will have two or three speech or thought bubbles around it. In each bubble, write in French a sentence about the hobbies that you like or don't like doing and why. Draw each hobby in the poster as well. Use lots of colour and make it neat. You have an example of drawing (see folder called example).

Safe: example: J'aime jouer au tennis **parce que** c'est génial.

Stretch: (using conjunctions) example: J'aime aller au parc **et** nager **parce que** c'est déstressant.

Super-Stretch: (using conjunctions and/or adverbs) example: J'aime lire **parce que** c'est **toujours** intéressant **mais** je n'aime pas jouer au football **parce que** c'est **assez** nul.

Keep your posters safe! It would be nice to display them in school when you are back! 😊

Enjoy your French and stay safe!
