

## **The Heights, West Bromwich | Fire safety situation report**

### **Update 31 July 2020**

The managing agents have now submitted a claim against the building warranty to determine whether the cost of remedial works is covered. We await confirmation as to whether the claim has been successful. In the meantime, an application has been made, by the freeholder, to the Government Fund for assistance with replacement of the cladding. Further documentation has been requested by the relevant Government department from the freeholder which is being prepared for submission.
