Bulges in G-quadruplexes:
Broadening the definition of G-quadruplex-forming sequences

Vineeth Thachappilly Mukundan and Anh Tuán Phan

School of Physical and Mathematical Sciences, Nanyang Technological University, Singapore

SUPPORTING INFORMATION
Figure S1. NMR imino proton spectra of T30177-T at different temperatures.

Figure S2. Solvent exchange experiment for TB-1. Imino proton spectra of TB-1 in H$_2$O (top) and after dissolving the sample in D$_2$O for 14 h at 25ºC.
Figure S3. CD spectrum of TB-1 at 25ºC.

Figure S4. Imino proton spectra of TB-1, TB-1-2-3-4-5, and TB-2-3-6-8 at 25ºC.
