x = the poet in the vertical column is mentioned in a poetic catalogue composed by one of the authors on the horizontal row along the top.

x₂/x₃ indicate additional poems that contain a poetic catalogue by the same poet. Multiple works of Jāmī and two works of Navāʾī are differentiated as the source of mention by the following sigla:

T=*Tuḥfat al-aḥrār* 1481;

b=*Subḥat al-abrār* 1482;

Y=*Yūsuf u Zulaykhā* 1483;

L=*Laylī u Majnūn* 1484;

K=*Khirad-nāma-yi Iskandarī* 1485;

S=*Silsilat al-Dhahab*, 1486;

B=*Bahāristān*, 1487;

l=*Salāmān u Absāl* 1488–91;

D=*Dīvān*, for Jāmī, 1491; *Dīvān* for Navāʾī, 1496.

F=Fakhrī Hirati list, ca.1550;

f and q = *Majālis al-nafāʾis* of Navāʾī (897/1492, with some manuscripts updating matters to 904/1499). Consulted here, however, are the Persian translations by Fakhrī Hirātī (*Laṭāʾif-nāma*) from 1521 (f), and by Muḥammad bin Mubārak al-Qazvīnī in 927–929/1520–1522 (q). Poets mentioned in the *Majālis al-nafāʾis* only appear on this chart as "f" or "q" if an independent entry was devoted to them. Many poets are mentioned, some frequently (e.g. Ḥāfiẓ, Amīr Khusraw), without receiving an entry. So, for example, "q" mentions ʿAsjadī in the entry on ʿUnṣurī, but does not give him an entry of his own, so no "q" appears for ʿAsjadī in the Navāʾī column. Meanwhile, "f" mentions Firdawsī in a poem at the conclusion of his translation, but has no entry for him.
