Consent

Introduction and Informed Consent

Say the following to the adult male or female in the household:

*Hello, my name is (your name) and I work with IRCWASH. We are performing a survey to help us understand the water access condition of households and their emotional response. The information will be used to improve water systems in the future.

Your household was chosen at random for this study. We will be interviewing the male and female heads of household for the study. If you participate in this survey it will take about 40 minutes. All information you share with us will be treated confidentially, stored safely and will remain anonymous. If you don't want to participate in this survey you have every right to decline, and the right to terminate the interview at any time.

Do you agree to participate within the survey?

- Yes
 No

If Do you agree to participate within the survey? is No:

Thank the interviewee any way and end the survey here.

If Do you agree to participate within the survey? is Yes:

General Information

If Do you agree to participate within the survey? is Yes:

Please thank the participant(s) for agreeing to be surveyed. Tell the participant that during this survey you will be typing into your mobile device. Let them know that this is how you are recording their answers.

Name of village visited

- Adkonta
 Ege
 Tirtira

Name of the enumerator

- Amin
 Anter
 Seyoum
 Hussen
 Ziad

	Total
Male	
Female	

Number of livestock the household own

Cattle	
Camels	
Goat/sheep	
Equines	

What is the source of income for the household?

- Sales of animals
 Sales of animal products
 Sales of crops
 Sales of handicraft
 Sales of firewood and charcoal
 Employment
 Safety Net (PSNP)
 Remittance
 Other (please specify)

Select which of the respondents are available for specific questions

- Male respondent only
 Female respondent only
 Both Male and Female respondents

If Select which of the respondents are available for specific questions is one of Male respondent only, Both Male and Female respondents:

Male respondent specific questions**Male respondent characteristics**

Hint: complete if the male interviewee is not head

	Name	Age in yrs	Relation with head of the household	Educational status
Male respondent				

How do you assess your life situation at the moment?

Your life situation Very unsatisfactory Unsatisfactory Neutral Satisfactory Very Satisfactory

Water sources**What is your household water sources for the following uses in July to September (Rainy season)?**

	Primary sources	Secondary sources
Drinking/ cooking		
Other domestic (e.g. Washing/ hygiene)		
Livestock- kid goats/ calves		
Livestock- Goats/ sheep		
Livestock- Cattle/ camels		

What is your household water sources for the following uses in January to June (Dry season)?

	Primary sources	Secondary sources
Drinking/ cooking		
Other domestic (e.g. Washing/ hygiene)		
Livestock- kid goats/ calves		
Livestock- Goats/ sheep		
Livestock- Cattle/ camels		

Domestic use of water

Do you treat your water before drinking?

- Yes
 No

If Do you treat your water before drinking? is Yes:

What method do you use to treat water?

- Boiling
 Chemical treatment (Wuha agar, and others)
 Filtering with clothing materials
 Use of ash
 Leaving to stand and settle
 Other (please specify)

If Do you treat your water before drinking? is Yes:

Do you treat water for children or adult?

- Children only
 Both children and adults

Who in your household has the main responsibility for fetching water for domestic use?

- Male head of household
 Female head of the household
 Spouse (female)
 Other adult females
 Female children
 Male children
 Other adult male
 Other (please specify)

And if they can't collect, who is the one who replaces that person most often?

- Male head of household
- Female head of the household
- Spouse (female)
- Other adult females
- Female children
- Male children
- Other adult male
- Other (please specify)

Accessibility and quantity in a rainy season

How long does it take you to get to your primary water source, collect the water and bring it back home?

- Less than 30 minutes
- 30 minutes to an hour
- From an hour to 2 hours
- From 2 hour to 4 hours
- More than 4 hours

How frequently you visit the water point to meet your daily needs?

- Once
- Twice
- Three time a day
- More than three time a day

Daily water collection

	Name	Quantity in Liter	How many of them you fill per day
Container 1			
Container 2			
Container 3			
Container 4			

Does your primary drinking water source provide water every day in the rainy season?

- Yes
- No

Dry season accessibility and quantity

How long does it take you to get to the water source, collect the water and bring it back home?

- Less than 30 minutes
 30 minutes to an hour
 From an hour to 2 hours
 From 2 hour to 4 hours
 More than 4 hours

Water related emotional response

Please select three emotions which best describes how you feel about

Hint: Prompt respondents to choose from the emotions identified. Encourage them to identify the most three important only

	Estrahina	Ferhi	Haye	Rufa	Afle	Gada	Hisabona	Meysi	Naqubu	Tabaqi	Gemoma	Nedama
Your overall water situation												
Your ability to cope in times of drought												
Having sufficient quantity of water for your domestic needs in rainy season												
Having sufficient quantity of water for your livestock in rainy season												
The distance you traveled to collect water in the rainy season												
Having sufficient quantity of water for your domestic needs in dry season												

Having sufficient quantity of water for your livestock in dry season													
The distance you traveled to collect water in the dry season													
Having sufficient water for sanitary washing													

Have you personally experienced conflict over your water situation over the last six months

	Response
Within household	
Within your village	
With other villages within your clan	
With other tribes/ pastorals outside your region	

Sanitation

Where do you go to the toilet?

- Own toilet
- Neighbors toilet
- Bush/ open defecation
- Other (please specify)

If Where do you go to the toilet? is one of Neighbors toilet, Bush/ open defecation, Other (please specify):

Do you feel safe when you go to the toilet?

- Yes
- No

If Where do you go to the toilet? is one of Neighbors toilet, Bush/ open defecation, Other (please specify):

Would you be happy to have your own toilet?

- Yes
 No, I do not need toilet
 Don't know

Has any member of the household had diarrhea over the past one month?

Hint: 3 or more loose or watery stool in 24 hr or 1 or more stool with blood

- Yes
 No
 I do not remember

If Select which of the respondents are available for specific questions is one of Female respondent only, Both Male and Female respondents:
