

## Supplementary Figure 1

**Supplementary Figure 1** The mRNA expression of *EYA2* in luminal-type and basal-like tumors. **(A)** Based on TCGA breast cancer data, *EYA2* mRNA level was significantly higher in basal-like breast cancer than luminal-type cancer tissues. **(B)** Based on breast cancer cell line data, there was no statistically significant difference of *EYA2* mRNA expression between luminal-type cancer cells and basal-like tumor cells.
