

# Generate a bibliography

1 Select the desired **output style** in your Endnote library.

2 Highlight the **desired references**.  
(To select all references, press **Ctrl+A**.)

3 From the top bar menu, choose **Edit > Copy Formatted**  
(Or, simply press **Ctrl+K**)

4 Open a document in Work. Put the cursor where you would like the references to appear and choose **Paste** (or simply press **Ctrl+V**).
