I love open science
I love identifiers
2019 ORCID Consortia

On May 19-22, ORCID and LYRASIS, the ORCID US Community, are hosting a consortia workshop in Atlanta, Georgia. The workshop will be held at the Emory University Knowles Conference Center in Atlanta, with the event open to the community among ORCID consortia.

Consortia are essential to the ORCID mission. They provide an opportunity for the research community to share experiences and encourage collaboration on developing best practices for ORCID – to improve how research information is shared.

We look forward to seeing you in Atlanta!

Please note that participation in this event is by invitation.
Carly Strasser

Consortia → ORCID
Users → ORCID

Don’t ask leading questions!
The Journey: Sherman’s March to the Sea
Sherman’s March to the Sea
“Hip-hop’s center of gravity”

“Best US City for singles”
The Journey: The User

Users shouldn’t have to click that many buttons

Significant cognitive load required for researchers

“Trust us – this is going to be good for you”

Lots of challenges for researchers. We have to solve some of their problems.
How to make it so the researchers don’t have to think about it or update it?
Consortias: Atlanta University Center Consortium

MOREHOUSE SCHOOL OF MEDICINE

Clark Atlanta University

Spelman College
