

ORCID and Akadémiai Kiadó – current usage, future plans

ORCID Hungary Workshop, 25 April 2017

András F. BÁLINT, PhD

**Head of Publishing and Content Development
Akadémiai Kiadó Zrt., Budapest, Hungary**

Akadémiai Kiadó:

AKJournals

- founded in 1828, leading STM publisher in Hungary and in Eastern Europe

AKJournals: publishing

AKCongress

AKCongress: scientific congress organizations

AK Journals: publishing journals, scientific books, language books, business books, popular books, dictionaries

Akadémiai Kiadó:

AK Journals:

- 58 current journals, oldest one was founded in 1857
- 10 of our journals are co-published with Springer Nature
- 11 GOLD Open Access journals
- 48 out 58 are in english

**Our yearly production turnover: 3672 articles / year
(we have 2 000 0000+ full text downloads/year)**

ORCID usage at our Journals:

- ORCID can be entered during submitting manuscripts by authors using online submission systems
- 33 out of 58 journals have online submission & peer-review systems (17 EM+16 OJS 2.x)
- EM: authors can enter ORCID + use ORCID for login/authentication
- OJS 2.x: author can add ORCID to the OJS profile

Analysis of ORCID usage at 9 AK journals

- Usage statistics / by journals, usage distribution by countries
- Investigation of the correlation between usage percentage and Journal quality (IF, SJR, Q category)

Language (English vs. Hungarian)

Journal topic/Subject category

Analysis of ORCID usage at 9 AK journals:

Journal title	% of ORCID usage	% of ORCID usage for autentification	Journal rank Q category	Language	Social vs. Natural Sciences	
Scientometrics	49,5 %	42,8 %	Q1	english	Social	China, 10 %
JRNC	28,6%	24,4 %	Q2	english	Natural	China, 5 %
JTAC	28,2 %	23,4 %	Q2	english	Natural	Brazil, 7 %
JBA	27,2%	15,8 %	Q1	english	Natural	Spain, 4 %
OH	21,9 %	14,4 %	Q3	hungarian	Natural	Hungary, 21 %
CRC	17,7 %	8,5 %	Q3	english	Natural	India, 3 %
AAlim	16,3 %	7,9 %	Q4	english	Natural	Italy, Portugal 2-2 %
AChrom	9,3 %	-	Q3	english	Natural	India, 9 %
MPSZLE	-	-	Q4	hungarian	Social	

$IF_{av2015}: 1,835$
 $IF_{av2015}: 0,352$

Current situation: we are just collecting ORCID, but don't use it...

What next? – let's explore and use it!

1. Motivate authors to enter it! – Offering faster publishing process? Discount from OA fees?
2. Supporting review process and editorial boards – tracking authors, checking potential candidates for reviewing, presenting reviewing activity on ORCID profile & tracking reviewing activities, etc.
3. Supporting and speed up publishing workflow: importing metadata from ORCID (affiliations, etc.)
4. Supporting the usage: present it in the published papers: in pdf, in XML, etc.

What next? – We need support from stakeholders!

Every single player should support the ORCID and the authors to use it!

ORCID should be:

- Free for authors
- Beneficial for the authors
- Easy-to-use

...it should be supported and promoted by institute leaders!

Thank you for your attention!
